Call for Host(s) of POP UP Salon/ POP UP Performance

Pre Info:

POP UP formats are diverse and independent in content and structure. They represent TanzNetzDresden as a network of a heterogeneous professionally working independent dance scene in the city of Dresden. They are discourse, further education, exchange and presentation formats of TanzNetzDresden. The aim is to make the current artistic interests of the network visible, to enable experiments and to test innovative formats. All POP UP formats are based on the idea of a polyphonic community of artists in active exchange. There will be at least 2 salons and 2 performances in 2022.
